Sheep-Killing Parrot.

The kea is a greenish-brown parrot of New Zealand, which is as dangerous to the sheep of that country as wolves would be. These carnivorous birds fasten themselves on the backs of grazing sheep, tear through wool and skin to the kidney fat, which they devour, leaving the unfortunate animal to perish in agony.

It Quenches the Fires.

"Your Hunt's Cure is beyond doubt the most remarkable remedy for skin diseases ever formulated. For eight years I have suffered almost constantly from itching trouble the doctors called Eczema. My skin was on fire, but less than one box of Hunt's Cure quenched that fire.

"Many of my friends have since used it on my recommendation, and it never fails. Where there's an itch rub it on. It does the work—that's all."
